Partners With The Principal - Feedback

We are in the process of reflecting on our results from last year and finalizing our school plan for this year. Should you have any thoughts or feedback regarding things that you think we should have in our school, or ideas for things we should add to make our school even better, please let me know.

I welcome your feedback. Please email me at: darren.fox@epsb.ca

Information Regarding Video Surveillance

Information Regarding Video Surveillance

Edmonton Public Schools approved a [Video Surveillance System Regulation](#) in June 2018. The video surveillance system **assists in maintaining a safe and secure environment** and **will be used to record and possibly monitor activity** in accordance with privacy legislation.

We are informing families, staff members and students that our school uses a video surveillance system. The system helps keep students and staff safe by recording activity in some areas in and around the school. School administration follows protocols to ensure staff and student privacy is protected; access to video surveillance recordings is strictly controlled. Recordings are only accessed if an incident occurs which requires investigation, or in an active emergency situation.

Personal information collected by the system may be used and/or disclosed in an investigation that could possibly lead to disciplinary, legal, legislative or law enforcement purposes for:

- enforcement of District administrative regulations, or
- a consistent purpose, or
- in accordance with a court order.

Please take time to review the video surveillance regulation and if you have questions or concerns, get in touch with our school office.

In accordance with the Section 33(c) of the Freedom of Information and Protection of Privacy Act (FOIP), Edmonton Public Schools is authorized and required under the provisions of the School Act and its regulations to collect, use and disclose personal information that is necessary to provide educational programming and ensure a safe and secure school environment for students.
