Safe Schools Ambassadors Program

Safe Schools Ambassadors Program

We are very pleased to be introducing a new program to Eastglen called the Safe Schools Ambassador Program. At its core, the Safe School Ambassadors program is an "inside-out" approach to improving school climate, one that relies on social norms change and the power of students to help stop bullying and violence. In the end, we want to build on the greatest resource we have in our school, our students.

Starting this upcoming Thursday and Friday, thirty students from Eastglen will be joining students from other schools who will also be receiving this training. For further information, please feel free to contact our lead staff member, Ms. Matthews.
