WEEK AT A GLANCE

August 31st – September 4th

"We are all in this together!"

Student Schedules – Release Date

Student Schedules – Release Date

We know students are anxious to get going. So are parents! And so are we!! One of the new challenges we are experiencing is that 30% of our families have chosen to have their children attend classes online. This has resulted in our school needing to reschedule the school. *(This is the case in all high schools).*

As a result, we will make every effort to release student schedules this Tuesday evening, September 1st. It is not ideal, but it is where things are at right now. Thank you for your understanding!

Door Designations for Entrance

Door Designations for Entrance

Following releasing the student schedules for Quarter 1, we will be releasing the door designations and a school map that families can use to see where students need to meet their teacher upon arrival to school.

Student Masks – Communication With Home

Student Masks – Communication With Home

To support the safety of our students and staff, we are asking that all students wear a mask at school. This is especially important as our classroom cohorts will be quite large and students will not be able to physically distance.

Should wearing a mask be something challenging for your child, would you please call the office and let us know? This will allow us to communicate to your child's teacher(s) so they are aware of this situation. Should we not hear from families and students choose to show up without masks, we will bring the students to the office and confirm with you that this is what your decision regarding masks is, so we can support your child and make sure their teacher understands your decision.

That being said, it will be very helpful if you could let us know in advance!
