**Eastglen Leadership:**  
-Eight Days of Giving

#### **Eastglen Leadership: Eight Days of Giving**

Our Eastglen Leadership class has been working on a project for [Make Your Mark on Poverty through the United Way](#). As part of this initiative, students have learned about poverty in our community, the cycles of poverty, and the most effective ways to make an impact on poverty in Edmonton.

We are launching our project this week - it is called [Eight Days of Giving](#). Students identified that they wanted to focus on impacting youth specifically in Edmonton - by providing them with essential items including warm clothing and toiletries. As part of this initiative, we are collecting items for donation to [YESS](#). This impacts youth in our community, but also youth directly in our school who access services and items through YESS.

We are excited to have the opportunity to support youth in our community, and hope our school can come together to raise some amazing donations. On December 17th, we will compile and deliver all items to YESS (via the Bissell Centre). If you have any questions, please contact Kelly Larson. Thanks!

**Student Listening Circles**

We are excited about continuing our listening circles at lunch hours for our students. Our goal is to ensure that our students have a voice as partners in their learning and school community!

**Career Pathways Surveys**

#### **Career Pathways Surveys**

Our Division is seeking feedback from students regarding their career interests and what students would like to see in regards to Career Pathways. To that end our students will be participating in short online survey this week.
