#### Welcome and Happy New Year!

#### Welcome and Happy New Year!

Hello everyone! One of the great things about a new year is our hope and optimism for things to be better. This year, more than any in recent history, this is so very true.

Although we will continue dealing with the challenges presented to us due to the Covid-19 Virus, we know that things will get better and over time we will get back to some semblance of 'normal'.

Thank you for the strength, resilience and compassion you are demonstrating each and every day. It is our honour to serve you and your children. Together, we will get through this!
