This is just a reminder that today - October 19th - is the final deadline for parents to choose online or in-person learning.

If a parent does not complete this process, the student will be registered in the same learning mode for Quarter 2, as they were in Quarter 1.

Diploma Writing Survey – October 21st

Diploma Writing Survey – October 21st

As you are aware Alberta Education made it optional for students to write diplomas this November. However, as a school we need to prepare for the administration of these exams, in the event there are families who still choose to write the diplomas.

To that end, Edmonton Public Schools will be sending out a survey on Wednesday, October 21st to all families of students currently enrolled in a 30 Level Diploma Course. We will be asking parents to indicate either YES or NO regarding whether or not they want their child to write the exams.

This feedback is quite important as it will support our planning for Diploma Exam administration. Thanks!

Professional Development Days

Professional Development Days

This is just a reminder that on Thursday, October 22nd and Friday, October 23rd all schools in Edmonton Public Schools will be having Professional Development Days. As a result, there will not be any classes on those two days.

Our staff will be participating in completing school planning documents, preparing for the final exams and report cards and participating in Cultural Professional Development. We look forward to this time.
